## GOLF CENTRE

### CLUB CHAMPIONSHIPS

Huge congratulations to **Tom Wilkinson** for his win in the rain-affected Club Championships last weekend. We were treated to an exciting, close-run competition, with four players within two shots of one another pushing hard for the title. A massive well done to Tom who shot an impressive score of 77 to be crowned Club Champion 2021.

Congratulations also go to **Ryan Collingwood** for becoming the handicap winner, scoring an excellent nett 65 and storming to victory in this category by 4 shots.

Unfortunately we were forced to run the Club Championships as an 18-hole event due to heavy rain on the Saturday and we would like to give our thanks to all who braved it and came back to compete on the Sunday.

Next year's event will be played in the Summer and the format is currently under discussion, as is the structure of all competitions scheduled for the next few weeks. As we look to the future, we are working hard to ensure that all competition play is well organised and events run smoothly going forwards.

The calendar will be published prior to the New Year on our website, sent out via our newsletter and posted on the competition noticeboards. We will also upload the schedule into Golf Genius so you can sync your calendars with ours, as well as enter/register for the competitions you wish to play in.

Further information about competitions will be sent out in due course.

### STAFF NEWS

We are delighted to announce our **new Deputy Head Greenkeeper, Joe Sexton** will be starting with us on Monday. He comes to Paultons GC with a wealth of experience and qualifications, and his appointment is a great addition to our hard working, dedicated team. Joe will work alongside the rest of our fantastic greenkeepers to assist us in delivering a great golf course over the coming months.

If you see him on the course, please do say "Hello" and welcome him to the Paultons team.

### WINTER GOLF AT PAULTONS GC

### WINTER IS COMING!

Both our Winter Warmer & Festive Golf deals for groups and societies are filling up very quickly.
